ST. MARY’S NURSING CENTER, INC.: DECISION ON NURSING CENTER’S PROPOSAL OF PROPERTY TRANSFER

Present: Elaine Kramer, Chief Financial Officer
Christy Chesser, County Attorney

The St. Mary’s Nursing Center’s (SMNCI) Governing Board of Trustees is requesting a transfer of property and the building currently occupied by SMNCI. This real property is currently titled to the St. Mary’s County Building Authority Commission and was funded through bonds issued from this Commission that will not retire until July 15, 2016. SMNCI proposes to use the real property as collateral to secure commercial financing to provide the County with the approximately $3.5 million outstanding balance owed on the bonds. The funds paid to St. Mary’s County would be placed in escrow and paid to the bond holders as they come due.
Ms. Kramer reviewed the process to date on the proposed transaction, which included a briefing to the Commissioners by the Nursing Center Board and staff, unanimous vote by the Building Authority Commission to support the proposed transaction, and a Commissioner public hearing at the Nursing Center.

Commissioner Raley moved, seconded by Commissioner Jarboe, to approve the transfer of the property to St. Mary’s Nursing Center, Inc., at the amount needed to satisfy the remaining debt and transaction costs, and to authorize the Commissioner President, staff, and the Building Authority Commission to execute the necessary documents to effect such transfer. I further move that we direct the Building Authority Commission that the proceeds of this transaction, to the extent required to be used to pay the bonds when due, shall be separately invested, with the advice of our financial advisors, and are to be used solely for the specific purpose of making the required bond payments. Motion carried 4-0. Commissioner Mattingly abstained, noting that he recused himself previously from the discussion and any vote on this matter due to his service as an ex-officio member of the St. Mary’s Nursing Center Board of Trustees.

Commissioner Raley expressed concern regarding the building’s use as collateral to secure commercial financing. He asked the Nursing Center representatives to consider including a provision that if they are unable to obtain the loan, the building will continue to be used for medical/clinical purposes and not for commercial purposes.

COMMISSIONER’S TIME

The Commissioners highlighted upcoming events and those attended over the past week.

Commissioner Mattingly asked staff to make every effort to locate a source of funds for the required surveys needed in order for DNR to initiate a Need and Feasibility Report for the dredging of the channel coming into White Neck Creek.

Commissioner Jarboe stated that he has received citizen comments regarding the lack of parking space available at the Cape St. Mary’s public/private boat ramp and asked staff to review the terms of the contract and look into the matter further.
