24801 Three Notch Road
Hollywood, MD 20636

Online Voter Services: You can now register to vote, update voter registration information and check your polling place location on-line at www.elections.maryland.gov

Maryland's Voting System

Maryland's voting system produces a voter-verifiable paper record – a "paper trail" – of each voter's selections. This was mandated in legislation passed by the General Assembly in 2007, however funding for a new system was not available until 2016.

Maryland voters will have options at Early Voting and on Election Day. Some voters, including voters with disabilities, will use Express Vote ballot marking devices to mark and print their ballots while other voters will mark pre-printed paper ballots by hand. All voters will review their marked paper ballots and then insert them into the DS200 tabulation device. The ballots will automatically drop into the secure ballot box.
