The St. Mary's County Treasurer's Office is required to place a tax stamp on every deed before it can be recorded at the St. Mary's County Clerk of Court Land Records department. These stamps verify that all current real estate taxes have been paid.

To submit a deed for reviewing and stamping, the deed must have a completed State of Maryland [intake sheet](#). You can access and complete an intake form on the Circuit Court website, [instructions](#) provided.

Credit Recapture: Each deed will be reviewed for active credits/exemptions which must be recaptured i.e. (but not limited to) Homeowners Tax Credit, Senior Tax Credit, Homestead Credit, Veteran's Exemption, or Blind Person's Exemption. Please contact our office to obtain the correct amount to recapture these credits and exemptions prior to a deed transfer. 301-475-4200 extension 3300

Agricultural Transfer Tax: If a property is flagged by the State Department of Assessments and Taxation (SDAT) for [agricultural transfer tax](#), The deed must be presented to the State Department of Assessments and Taxation, located in the Joseph D. Carter State Office Building, at 23110 Leonard Hall Drive, Room 2059, Leonardtown, Maryland, (301) 880-2901, to be stamped for clearance, and then presented to the St. Mary's County Treasurer's Office for stamping.

- If the property is transferring out of an agricultural use assessment, present a copy of the stamped Agricultural Transfer Tax Worksheet (completed by SDAT), along with a check for the tax payment at the St. Mary's County Treasurer's Office.
- If the property is to remain with an agricultural use assessment, present the stamped [Agricultural Declaration of Intent form](#).

When re-recording a deed, you will need to present the deed to the St. Mary's County Treasurer's Office if the stamp has expired.

The transfer of ownership becomes effective when the deed is recorded.

Note: Neither the Land Records clerks nor any government official in this process will be able to advise you as to whether a new deed is written in a way that accurately accomplishes what you are attempting to achieve. Nor will they be able to determine whether you have the full legal authority to give away any property. That is why it is important, if possible, to consult with an attorney to give you advice and prepare your deed.
